

## INVITATION FOR SCIENTIFIC PROPOSAL

**11<sup>th</sup> Congress of Toxicology in Developing Countries (CTDC11)**

**13–16 June 2021**

**Kuala Lumpur Convention Centre (KLCC), Malaysia**

Malaysian Society of Toxicology (MySOT)—in collaboration with the International Union of Toxicology (IUTOX)—is honored to host the 11th Congress of Toxicology in Developing Countries (CTDC11) on 13–16 June 2021 at KLCC, Malaysia. The Congress' theme Multidisciplinary Approaches in Toxicology Towards Supporting Sustainable Development Goals reflects the commitments of Malaysia and the South East Asia (SEA) region to the UN Sustainable Development Goals.

The Congress will bring together toxicologists in government, industry, and universities from around the world. As the epicenter of the SEA region, Kuala Lumpur is the ideal venue for toxicologists in the region, including those in remote locations often underrepresented in global congresses. As such, the Congress will facilitate ongoing and future collaboration and partnership in education, research and development.

The four-day Congress will host several plenary sessions and symposiums representing various toxicology disciplines, including Product Stewardship & Regulatory Toxicology, Public Health Toxicology, Mechanistic Toxicology, Ecotoxicology, and Toxicology Testing. About 500 domestic and international participants are expected at the Congress.

We sincerely hope that you will accept our invitation to make CTDC11 a great international congress marked by excellent science and strong attendance from toxicologists and other professionals around the globe. Should you accept the invitation, please reply to the Congress secretariat at [secretariat@ctdc11.org](mailto:secretariat@ctdc11.org) by March 13, 2020.

### Secretariat, CTDC11

Best regards,

Emanuela Corsini

Secretary-General

International Union of Toxicology, 11190 Sunrise Valley Drive, Suite 300, Reston, Virginia 20191
