

**METABOLIC DISEASES: NOVEL TOXICOLOGICAL AND PHARMACOLOGICAL INSIGHTS****PROGRAM****TUESDAY OCTOBER 11<sup>TH</sup> – DAY 1**

- 11.30-12.00:** **COFFEE**
- 12.00-12.10:** **WELCOME** Eva Cecilie Bonefeld-Jørgensen, DSTF president (info Eurotox 2024)
- 12.10-12.50:** **KEY NOTE: The mission of the Steno diabetes centers.** Professor Alan Flyvbjerg – CEO Steno Diabetes Center Copenhagen (30+10) *confirmed*
- 12.50-13.50:** **LUNCH AND CHECK IN**
- 13.50-15.05:** **SESSION 1:** Chair: Gunnar Toft
- 13.50-14.15:** **Research projects at the Steno Diabetes Centres.** Professor Niels Jessen. Head of Research at Steno Diabetes Center Aarhus (20+5) *confirmed*
- 14.15-14.45:** **Environmental risk factors of type 2 diabetes.** Professor Joline W. J. Beulens, University of Amsterdam, the Netherlands (25+5) *confirmed*
- 14.45-15.10:** **Can insecticides lead to diabetes?** Martin Rune Hassan Hansen, MD, Aarhus University Hospital, Aarhus (20+5) *confirmed*
- 15.10-15.30:** **COFFEE**
- SESSION 2:** Chair: Anders Jensen
- 15.30-16.10:** **KEY NOTE: From molecular and translational pharmacological studies of class B1 G-protein-coupled receptors to therapeutic strategies.** Professor Mette Rosenkilde, University of Copenhagen (30+10) *confirmed*
- 16.10-17.10:** **General assembly for the DSTF members** (agenda will be send later)
- 17.10-19.00:** **SESSION 3: EARLY CAREER SESSION:** Chair: Agnete Larsen
- 17.10-18.10** Four presentation (selected from submitted abstracts); 10 min per presentation + 5 min to questions

- 19.00-22.00:** **DINNER**

**WEDNESDAY OCTOBER 12<sup>TH</sup> – DAY 2**

- 9.00-10.00:** **SESSION 4** *Chair: Helle Raun Andersen*
- 9.00-9.40:** **KEY NOTE: Genetic - genomic annotation- causal mechanisms at TP2 diabetes loci.**  
Professor Marit Eika Jørgensen, Steno Diabetes Center Greenland, Nuuk (30+10)  
*confirmed*
- 9.40-10.05:** **Environmental exposures and beta-cell toxicity.** Senior Researcher Gunnar Toft, Steno Diabetes Center Aarhus (20+5) *confirmed*
- 10.05-10.35:** **COFFEE**
- 10.35-12.00:** **SESSION 5:** *Chair: Mikkel Vendelbo*
- 10.35-11.00:** **Discovery and development of new peptide-drug conjugates for obesity treatment.**  
Associate Professor Christoffer Clemmensen, University of Copenhagen (20+5) *confirmed*
- 11.00-11.25:** **Leveraging the communication between our fat and brain for novel therapeutics.**  
Associate Professor Zach Gerhart-Hines, University of Copenhagen (20+5) *confirmed*
- 11.25-11.50:** **Metabolic and protective effect of ketone bodies on the human myocardium.** Professor Lars Gormsen, Department of Nuclear Medicine, Aarhus University Hospital (20+5) *confirmed*
- 11.50-12.00:** **Round Table discussion: Metabolic diseases – novel toxicological and pharmacological insight**
- 12.00-13.00:** **LUNCH**
- 13.00-14.30:** **SESSION 6: How to work with toxicology and pharmacology** (*Chair: Agnete Larsen/Eva C. Bonefeld-Jørgensen*)  
  
Steno Diabetes Centers /Hospitals-Universities (20+5min): (Gunnar Toft/ Agnete Larsen)  
Universities (20+5min): (Terje Svingen/ Eva Bonefeld-Jørgensen)  
Industry (30+10 min): **TBD**  
Novo: Alan Christensen, Stine Bartelt; Lundbeck: Allan Dahl Rasmussen, Harrie Boonen;  
LEO Pharma A/S: Klaus Rytved; Scantox, Mikkel Lykke; NOVOZYMES, Denisa Cupi;  
Evaxion-Biotech, Kristina Bram Knudsen; Zealand Pharma, Mikael Elander.
- 14.30-14.45:** **PRIZE ANNOUNCEMENT: BEST ORAL and POSTER PRESENTATION**
- 14.45-15.00:** Thanks and Goodbye and coffee before departure (transport to railway station and airport) (*Eva C. Bonefeld-Jørgensen*) (info Eurotox 2024)
